

## STA Export License Exception Instructions

Because the Optotherm IS640 infrared camera is classified under ECCN 6A003.b.4.b, the following Optotherm products are subject to control by the United States Department of Commerce:

- Sentris IS640
- Micro IS640
- EL IS640
- Thermoscreen IS640

A license Exception STA (Strategic Trade Authorization) authorizes the export (without an export license), reexport and transfer (in-country) of these products to destinations posing a low risk of unauthorized or impermissible uses. To safeguard against reexports to destinations that are not authorized under License Exception STA, certain information, notifications, and consignee statements are required to be obtained and filed by the exporter and foreign consignee.

### STA Countries

Shipments to the following countries can be made for non-military end-use and end-users using the Export License Exception STA and do not require an export license:

Argentina, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Japan, Latvia, Lithuania, Luxembourg, Netherlands, New Zealand, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, South Korea, Spain, Sweden, Switzerland, Turkey, & United Kingdom.

### STA Documents Required

Prior to shipment, the following documents must be completed by the purchaser and ultimate consignee/end-user and returned to Optotherm:

1. Completed Export Information Letter  
[Note: May be completed by the purchaser or ultimate consignee/end-user]
2. STA Consignee Statement completed/signed by purchaser
3. STA Consignee Statement completed/signed by ultimate consignee/end-user
4. Export Statement of Assurance completed/signed by purchaser
5. Export Statement of Assurance completed/signed by ultimate consignee/end-user

## **Submitting Documents to Optotherm**

As soon as all the required documents have been completed and signed, send them to me via email so that we can submit the export license application.

**Important:** The original documents must be sent to me via courier as we cannot ship the order until we receive the original documents.

Thank you for your cooperation. If you have any further questions, please contact me directly.

## **Additional Export Information**

- Products classified under this ECCN cannot be re-exported under the Additional Permissive Reexports (APR) exception.
- Customers can re-export products classified under this CCCN to other STA countries as long as they receive from their customer the same STA Consignee Statement.
- There is a reporting requirement under the Wassenaar Arrangement for exporting and re-exporting of STA License Exception items.
- The STA regulations can be found at the BIS website, [www.bis.doc.gov](http://www.bis.doc.gov). You can find more information by typing "Part 744.20" on Google web search page and learn more information about the STA License Exception.
- If there is going to be a re-export of STA items to end-users in non-STA countries, a BIS export license will need to be obtained directly from the US Department of Commerce.

### **No Export Countries**

The Bureau of Industry and Security (BIS) prohibits the export of this equipment to Cuba, Iran, North Korea, Sudan, and Syria pursuant to the Export Administration Regulations (EAR).
